1-strip

2-strips

3-strips

4-strips

2x2, 1x4, 2x4
Troffer replacement

And More...

5 Simple steps:

Turn off power

1. Take out the old florescent tubes and ballast.
2. Click the magnets on to the strips.
3. Connect the wires from the strips to the driver with our Quick-Connectors clips.
4. Place the strips and driver with magnets to your desired location.
5. Connect the power wires.

DONE!
